Qualicoat

The Finish Is Just The Beginning...

When it comes to meeting your customers' requirements for a quality finish, start with Qualicoat, one of the northeast's premiere industrial coating companies.

While we've got a surprisingly sophisticated technology-based foundation of equipment and processes, it's our old-fashioned knowledge, expertise and attention to detail that sets us apart.

Start With The Perfect Finish

That's why manufacturers of all sizes in industries ranging from military and transportation to medical, communications and consumer electronics have relied on Qualicoat for almost forty years to meet the needs of their customers and, more importantly, the end user.

We invite you to take a closer look at just some of the benefits, capabilities and expertise that Qualicoat brings to every job.

Then please call 585-293-2650 or visit Qualicoat.com for more information.

Quality Your Customers Can See.

From Pretreatment To The Perfect Coating

The perfect marriage of art and science come together to improve your product, component or part at Qualicoat. Our core expertise in all aspects of industrial coating applications for metals, plastics and other materials includes:

■ **Pretreatment.** A quality finish starts with a well-prepared surface. Seven-stage systems, de-ionized water rinses, and adherence to exacting Statistical Process Control (SPC) tolerances assure uniform, to-spec coatings that are designed to last.

■ **Coatings.** From electrostatic powder coating and spray painting to conventional paints and other liquids, our people, processes and technology allow us to meet your functional requirements on time, on budget and within spec.

■ **Silk-screen, pad printing & letter fill.**

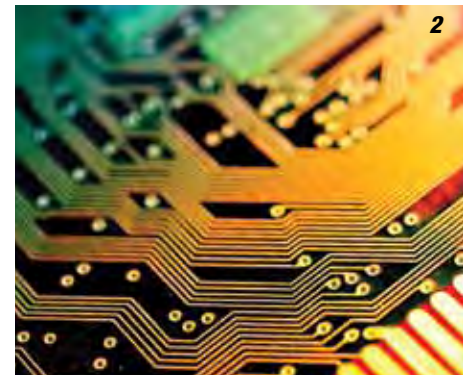

Top off the perfect finish with high-quality graphic applications that enhance the usability and aesthetics of your product. Custom color matching helps maintain brand integrity.

Application Expertise That Makes Your Products Better

Whether you manufacture the end product or a component or part that goes into something else, Qualicoat has the expertise to make whatever you make...

- Impact resistant
- Chemical resistant
- Heat resistant
- Anti-corrosive
- EMI shielding
- Anti-reflective
- Adhesion
- UV-stabilization
- Durability
- Anti-abrasion
- Conductive
- Antistatic
- Absorptive
- Antimicrobial
- Hygienic

Qualicoat's knowledgeable engineering support is available to recommend cost-effective ways to improve the quality and value of your products and those of your customers.

And Lots They Can't.

Meeting Customer Needs In Demanding Markets

Just a few of the challenging industries that rely on Qualicoat to make their products better include:

- Original Equipment Manufacturers (OEMs)
- Medical equipment
- Consumer electronics
- Aerospace
- Military & Defense
- Office equipment
- Emergency Management Systems (EMS) communications equipment
- Transportation including aircraft, truck, auto, railroad, construction, and farm machinery.

From super-thin coatings on delicate electronic components to detection-evading Bunker Buster missile paint, Qualicoat is primed to meet your customers' most stringent requirements.

Adding Value Every Step Of The Way

The perfect finish starts and ends at Qualicoat with access to knowledge, expertise and support you typically don't find at an industrial-coating company.

■ **Proactive engineering support.** We focus on providing the optimal solution to your specific needs.

■ **Quality mania.** We're obsessed with delivering the ultimate in coating performance consistently and repeatedly through multiphase SPC, ISO and U.S. Department of Defense certifications, and other processes.

■ **Supply-chain integration.** Timely and detailed estimates, quick turnaround, and Just-In-Time delivery are a few of the many ways we work around the way you work.

■ **A culture of integrity and trust.** There's no other way to do business as far as we're concerned.

Qualicoat market-segment applications include, among many others, clockwise from upper left: 1 medical imaging; 2 printed circuit boards; 3 machined parts; 4 military including armaments and communications systems; 5 outdoor commercial and residential products; and, 6 electronic equipment enclosures.

For a more comprehensive list of our capabilities or to provide an estimate for your next coating project, please call 585-293-2650 or visit Qualicoat.com

PROCESS CAPABILITIES

PRETREATMENT

- Aluminum (MIL-DTL-5541)
- Steel (TT-C-490) Iron & Zinc Phosphate
- Plastics
- Fill & sand
- Gritblasting
- Alkaline clean and caustic etch

COATINGS

- Powder
- Liquid paint
- Fluoropolymer including Teflon®
- Antimicrobial
- Soft Touch & Suede
- Electromagnetic Interference(EMI)/Radio Frequency Interference (RFI) Shielding
- Conformal Coatings for Printed Circuit Boards (PCBs)
- AAMA 2603, 2604 & 2605 certified
- MIL SPEC

GRAPHICS

- Silk screen
- Pad printing
- Letter fill

OTHER

- Intricate and custom masking
- Prototypes
- Reconditioning
- Subassemblies

CERTIFICATIONS

- ISO 9001:2008 certification

Certified Applicator:

- TIGER Drylac® Powder Coatings & Superior Architectural Powder Coatings
- PPG Duranar® Coil Coatings
- American Architectural Manufacturer's Association (AAMA):
 - 2603-02: Sherwin-Williams Powdura®
 - 2604-05: Sherwin-Williams Powdura®
 - 2605-05: Sherwin-Williams Powdura®
 - 2605-05: Kynar 500 PC® Resin Based Powder Coatings
 - Akzo Nobel Powder Coatings
 - Rohm & Haas Powder Coatings

QUALITY

- ISO 9001:2008 Certified
- Quality lab and technical staff
- State-of-the-art coating measurement capabilities for color and thickness.
- Salt spray testing ASTM 117 B

Values As Enduring As Our Finishes

In the end, a company is only as good as the people who make it run. At Qualicoat, we've spent the last four decades refining our knowledge, equipment and processes to help make your part, component, assembly or product the best that it can be...at a competitive cost with service bar none.

You can rely on our thorough understanding of the impact of temperatures, substrates, adhesions, and attributes for decorative and functional applications—coupled with unmatched attention to detail—to enhance your end product whether coat-to-spec or more complex problem solving.

At Qualicoat, we SERVE you with our values which permeate everything we do.

- **Support.** Proactive engineering and administrative support from estimating and planning through production and delivery.
- **Educate.** We impart knowledge about ever-changing coating products, technologies, and cost efficiencies.
- **Respect.** For every company, vendor and person with which we do business.
- **Value.** Making what you make better adds more value to your customers and their end users.
- **Exceed.** Exceeding your expectations through superior products, processes and people.

We invite you to experience the Qualicoat difference yourself with an opportunity to bid on your next coating project by calling **585-293-2650**.

We promise you'll see a difference from start to finish.
